INFORMATION ABOUT THE NORTH CAROLINA REGISTER AND ADMINISTRATIVE CODE

NORTH CAROLINA REGISTER

The North Carolina Register is published monthly and contains information relating to agency, executive, legislative and judicial actions required by or affecting Chapter 150B of the General Statutes. All proposed administrative rules and amendments filed under Chapter 150B must be published in the Register. The Register will typically comprise approximately one hundred pages per issue of legal text.

State law requires that a copy of each issue be provided free of charge to each county in the state and to various state officials and institutions. The North Carolina Register is available by yearly subscription at a cost of ninety-five dollars ($95.00) for 12 issues.

Requests for subscription to the North Carolina Register should be directed to the Office of Administrative Hearings, P. O. Drawer 11666, Raleigh, N. C. 27604, Attn: Subscriptions.

ADOPTION, AMENDMENT, AND REPEAL OF RULES

An agency intending to adopt, amend, or repeal a rule must first publish notice of the proposed action in the North Carolina Register. The notice must include a reference to the Statutory Authority for the action; the time and place of the public hearing and a statement of how public comments may be submitted to the agency either at the hearing or otherwise; the text of the proposed rule or amendment; and the proposed effective date.

The Director of the Office of Administrative Hearings has authority to publish a summary, rather than the full text, of any amendment which is considered to be too lengthy. In such case, the full text of the rule containing the proposed amendment will be available for public inspection at the Rules Division of the Office of Administrative Hearings and at the office of the promulgating agency.

Following publication of the proposal in the North Carolina Register, at least 60 days must elapse before the agency may take action on the proposed adoption, amendment or repeal.

When final action is taken, the promulgating agency must file any adopted or amended rule with the Office of Administrative Hearings. If it differs substantially from the proposed form published as part of the public notice, the adopted version will again be published in the North Carolina Register.

A rule, or amended rule, cannot become effective earlier than the first day of the second calendar month after the adoption is filed.

Proposed action on rules may be withdrawn by the promulgating agency at any time before final action is taken by the agency.

TEMPORARY RULES

Under certain conditions of an emergency nature, some agencies may issue temporary rules. A temporary rule becomes effective when adopted and remains in effect for the period specified in the rule or 120 days, whichever is less. An agency adopting a temporary rule must begin normal rule-making procedures on the permanent rule at the same time the temporary rule is adopted.

NORTH CAROLINA ADMINISTRATIVE CODE

The North Carolina Administrative Code (NCAC) is a compilation and index of the administrative rules of 25 state agencies and 38 occupational licensing boards. The NCAC comprises approximately 15,000 letter size, single spaced pages of material of which approximately 35% is changed annually. Compilation and publication of the NCAC is mandated by G.S. 150B-63(b).

The Code is divided into Titles and Chapters. Each state agency is assigned a separate title which is further broken down by chapters. Title 21 is designated for occupational licensing boards. The NCAC is available in two formats.

1. In looseleaf pages at a minimum cost of two dollars and 50 cents ($2.50) for 10 pages or less, plus fifteen cents ($0.15) per each additional page.

2. On microfiche. The microfiche edition is revised semi-annually (March and October) and can be purchased for forty dollars ($40.00) per edition. Due to the volume of the Code, the complete copy can only be purchased on microfiche. The NCAC on microfiche is updated monthly by publication of a “List of Rules Affected” which sets out rules filed the previous month, the action taken, and the effective date of the change. This list is published in the North Carolina Register.

Requests for looseleaf pages of rules or the NCAC on microfiche should be directed to the Office of Administrative Hearings.

NOTE

The foregoing is a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Articles 2 and 5 of Chapter 150B of the General Statutes be examined carefully.

For purposes of this Section, a failing grade is a grade below sixty-five percent.

(k) Review of Examination Results. An applicant who has been denied licensure because of failing examination grades may request a review of his answers provided his request is made in writing and received by the secretary of the board not later than 20 days after issuance of the examination results. The review shall be limited to a re-tabulation of the applicant's test scores to make certain no clerical errors were made in grading. Chapter I - Office of State Personnel

Subchapter I - Employee Benefits

Section .0700 - Worker's Compensation Leave

.0704 Coverage

All North Carolina State Government employees are covered under the North Carolina Workers' Compensation Act. Those covered include all employees and officers of the state including elected officials, members of the General Assembly, and persons appointed to serve on a per diem, part-time or fee basis. Any employee who suffers an accidental injury or contracts an occupational disease within the meaning of the Workers' Compensation Act is entitled to benefits provided by the Act. The employee is entitled to medical benefits and compensation for time lost from work and any disability which results from the injury. The state has a "self-insured" program and expenditures are paid from current operating budgets.

Statutory Authority G.S. 126-4.

.0705 Administration

(a) Each state agency is responsible for accepting employer liability for the state and paying
claims. To assure the employee of the benefits provided by the Workers' Compensation Act and to effectively control the cost related to on-the-job injuries, each agency shall designate a Workers' Compensation Administrator to be responsible for the effectiveness of processing and monitoring the workers' compensation claims.

(1) The agency shall, on those cases that involve possible litigation issues, contact the Attorney General's Office who will defend all cases for the state before the Industrial Commission.

(2) The agency shall submit all reportable claims and valid medical and compensation payments to the Industrial Commission for approval. The Industrial Commission is responsible for insuring that each employer administers the provisions of the Workers' Compensation Act.

(b) The Office of State Personnel through its Employee Safety and Health Division is responsible for providing assistance to agency personnel in managing their workers' compensation programs and insuring that all agencies provide consistent application of coverage and compensation to injured employees.

(1) The Employee Safety and Health Division shall measure and evaluate the effectiveness of the workers' compensation program at each agency and recommend changes to achieve optimum results. It shall maintain a statistical data base summarizing a statewide analysis of total expenditures and injuries, and develop training and educational materials for use in training programs for the agencies.

Statutory Authority G.S. 126-4.

.0706 RESPONSIBILITY OF EMPLOYEE AND EMPLOYER

(a) In accordance with G.S. 97-22 notice of an accident must be given to the employer by the employee or his/her representative as soon as possible. No compensation shall be payable unless such written notice is given 30 days after occurrence of the accident or death, unless reasonable excuse is made to the satisfaction of the Industrial Commission for not giving such notice and the commission is satisfied that the employer has not been prejudiced thereby.

(b) The agency is required by law to report the injury to the North Carolina Industrial Commission using the I.C. Form 19 within five days from knowledge thereof any claim that results in more than one day absent from work or if medical expenses exceed five hundred dollars ($500).

(c) Responsibility for claiming compensation is on the injured employee. A claim must be filed by the employee through the agency/university with the North Carolina Industrial Commission within two years from the date of injury or knowledge thereof. Otherwise, the claim is barred by law.

StatutoryAuthority G.S. 97-22; 126-4.

.0707 USE OF LEAVE

(a) The Workers' Compensation law provides medical benefits and a weekly compensation benefit equal to 66 2/3 percent of the employee's average weekly earnings up to a maximum established by the Industrial Commission each year. When an employee is injured, he/she must go on workers' compensation leave and receive the workers' compensation weekly benefit after the required waiting period required by G.S. 97-28. One of the following options may be chosen:

(1) Option 1: Elect to take sick or vacation leave during the required waiting period and then go on workers' compensation leave and begin drawing workers' compensation weekly benefits.

(2) Option 2: Elect to go on workers' compensation leave with no pay for the required waiting period and then begin drawing workers' compensation weekly benefits.

If the injury results in disability of
more than a specified number of days, as indicated in G.S. 97-28, the
workers' compensation weekly benefit shall be allowed from the
date of disability. If this occurs in the case of an employee who elected
to use leave during the waiting period, no adjustment shall be made
in the leave used for these workdays.
(b) In either case, after the
employee has gone on workers' compensation leave, the weekly
benefit may be supplemented by the use of partial earned sick or vacation
leave in accordance with a schedule published by the Office of State
Personnel each year. Since the
employee must receive the weekly
benefit, this will provide an income approximatively equal to the past
practice of using 100 percent of sick or vacation leave.
(c) Compensatory time may be
substituted for sick or vacation leave if applied within the time frames
provided under the Hours of Work and Overtime Compensation Policy.
(d) If the employee has earned
leave or compensatory time and chooses to use it while drawing the
weekly benefit, it would be paid on a
temporary payroll at the employee's
hourly rate of pay. It is subject to
State and Federal withholding taxes
and Social Security, but not subject
to retirement, just the same as other
temporary pay.
(e) Unused leave may be retained
for future use. (Note: If an
employee has over 240 hours of
vacation leave at the time an injury
occurs, depending on the nature and
time of the injury and the
anticipated time out of work, he/she
should be advised to exhaust leave in
excess of the 240 hours - particularly
if the injury occurs late in the year
when it would possibly cause a loss
of vacation at the end of the year.)

Statutory Authority G.S. 126-4.

0708 CONTINUATION OF BENEFITS
While on workers' compensation
leave an employee is eligible for continuation of the following
benefits:
(1) Performance Increase: Upon
reinstatement, an employee's
salary will be computed based on
the last salary plus any legislative
increase to which entitled. Any
performance increase which
would have been given had the
employee been at work may also
be included in the reinstatement
salary, or it may be given on any
payment date following
reinstatement.
(2) Vacation and Sick Leave:
While on workers' compensation
leave, the employee will continue
to accumulate vacation and sick
leave to be credited to his/her
account for use upon return. If
the employee does not return,
vacation and sick leave
accumulated during the first 12
months of leave will be paid in a
lump sum along with other
unused vacation.
(3) Since the employee is on
workers' compensation leave and
is not able to schedule vacation
time off, the accumulation may
in some cases exceed the 240
hours and shall be handled as
follows:
(a) The 240-hour maximum to
be carried forward to the next
calendar year may be exceeded
by the amount of vacation
accumulated during workers'
compensation leave. The
excess may be used after
returning to work or carried on
the leave account until the end
of the calendar year following a
full year after the employee's
return to work.
(b) If the employee separates
during the period that excess
vacation is allowed, the excess
leave to be paid in a lump sum
may not exceed the amount
accumulated during the first 12
months of workers' compensation leave.
(4) Hospitalization Insurance:
While on workers' compensation
leave, an employee is in pay
status and will continue coverage
under the state's health insurance
program. Monthly premiums for
the employee will be paid by the
state. Premiums for any
dependent coverage must be paid
directly by the employee.
(5) Retirement Service Credit:
While on workers’ compensation leave an employee does not receive retirement credit. As a member of the Retirement System, the employee may purchase credits for the period of time on an approved leave of absence. Upon request by the employee, the Retirement System will provide a statement of the cost and a date by which purchase must be made. If purchase is not made by that date, the cost will have to be recomputed.

Statutory Authority G.S. 126-4.

.0709 RETURN TO WORK
When an employee, who has been injured on the job and placed on workers’ compensation leave, has been released to return to work by the treating physician, there are three possible return to work situations.
(1) When an employee who is on workers’ compensation leave, has reached maximum medical improvement and has been released to return to work by the treating physician, the agency shall return the employee to the original position he/she held prior to workers’ compensation leave.
(2) When an employee, who has not reached maximum medical improvement, is ready to return to limited work duty with approval of the treating physician, but retains some disability which prevents successful performance in the original position, the agency shall provide work reassignment suitable to the employee’s capacity which is both meaningful and productive, and advantageous to the employee and the agency. This work reassignment shall be a temporary assignment and shall not exceed 90 days without approval from the agency personnel officer. When the employee reaches maximum medical improvement the agency shall return the employee to the original position held prior to workers’ compensation leave.
(3) When an employee that has received a disability which prohibits employment in his/her previous position and has reached maximum medical improvement and been released to return to work by the treating physician the agency shall attempt to place the employee in another position suitable to the employee’s capacity which is both meaningful and productive, and advantageous to the employee and the agency. This work placement may be a permanent assignment or either a part-time or temporary assignment until a permanent assignment is found.
(a) If a position is not available for work placement, the agency shall appoint the employee to the first suitable vacancy which occurs. During the interim period a suitable vacancy is not available, the employee shall be referred to the Office of State Personnel for reemployment assistance and a possible return to work in another agency.
(b) Work placement efforts will continue for a period not to exceed 12 months, except with the approval of the agency personnel officer. Any time an employee has reached maximum medical improvement and is taken off workers’ compensation leave but a position is not available the employee shall be placed in leave without pay status. While in leave without pay status the employee may make arrangements to continue coverage under the state’s health insurance plan. The employee is responsible for paying the total premium cost.
(c) In some cases the extent of disability may be such that vocational rehabilitation will be necessary. If so, the agency will be responsible for making the necessary arrangements for such training which may be necessary to assist the employee to obtain suitable employment consistent with their performance capabilities.
Statutory Authority G.S. 126-4.

.0710 REFUSAL OF SUITABLE EMPLOYMENT

The Workers’ Compensation Act prevents employers from firing or demoting employees in retaliation for pursuing remedies under the Act, but does not speak to reemployment after an employee has been released by the treating physician to return to work. If an employee who has been on workers’ compensation leave has reached maximum medical improvement, and been released to return to work by the treating physician refuses suitable employment in keeping with his/her capacity, the employer has the right to implement dismissal procedures.

Statutory Authority G.S. 126-4.

.0711 FAILURE TO COOPERATE

When it has been determined that the employee has not fully cooperated with the intent and spirit of the Worker’s Compensation Policy, management may terminate the employee. Workers’ compensation benefits may be continued or discontinued in accordance with the provisions of the Workers’ Compensation Act.

Statutory Authority G.S. 126-4.

.0605 SPECIAL APPLICANT CONSIDERATIONS: AGENCY RESPONSIBILITIES

(a) Employment of Aliens.

Applicants from other countries, who do not have United States citizenship, must have proper authorization from the U.S. Immigration and Naturalization Service (INS) to be considered for employment.

Statutory Authority G.S. 126-4; 128-15.

.0616 AGENCY RESPONSIBILITY

(a) All state agencies and universities shall, within three working days from entry on duty, verify the employment eligibility of all new employees hired on or after November 7, 1986. Verification must establish both identity and employment authorization, and shall include the completion of federal Form I-9. INS has approved a number of documents which the employee can provide to meet this purpose, and it is not permissible for agencies to specify a certain document type. Form I-9 must be retained for three years after the employee’s hiring date, or one year after the employee’s separation, whichever is later.

(b) If an employee’s work authorization expires, the agency shall update the Form I-9 to show that the employee has a renewed authorization to continue employment; if an authorization renewal cannot be obtained, employment must be discontinued. If a prior employee is reemployed within three years of the initial completion of Form I-9, and the information on the initial form remains accurate, it is not necessary for the employing agency to complete a new Form I-9. In instances of promotion, demotion, and/or reemployment involving inter-agency transfer, the original, employing agency must provide to the employee or the receiving agency, upon request, a copy of the most recent Form I-9.

.0617 EMPLOYEE’S RESPONSIBILITY

All employees hired on or after November 7, 1986, must present documents to the employing agency or university within their first three work days which verify their identity and employment authorization. If an employee is unable to present the actual documents within this time limit, he/she must present a receipt from INS within the three day period validating his/her application for the required documents, and must provide the actual documents within 21 days of initial employment. An employee whose original work authorization has expired must present proof of an

authorization renewal in order to remain employed.

SUBCHAPTER II - AFFIRMATIVE ACTION

.0001 DUTIES OF SECTION

The affirmative action section of the Office of State Personnel is responsible for developing and administering a program to ensure greater utilization of all persons by identifying previously underutilized groups in the workforce, such as minorities, women, and the handicapped handicapped persons; and making special efforts toward their recruitment, selection, development and upward mobility.

Statutory Authority G.S. 126-4; 126-16.

(2) assure more equitable representation of women, minorities, and the handicapped handicapped persons throughout all aspects of the state's workforce.

Statutory Authority G.S. 126-4(10); 126-16.

.0003 PROGRAM PLAN REVIEW

(a) Each department/agency employing SPA employees shall submit annually an Affirmative Action Plan (update of entire plan or revisions as specified) or shall submit an application for a three-year EEO/AA planning cycle and a Three-year Affirmative Action plan to the Office of State Personnel.

NORTH CAROLINA REGISTER 188
for review, technical assistance, and approval by the State Personnel Director, to the Office of State Personnel. The submission date will be October 1 of each year for annual plans or October 1 of the year in which the previously approved three-year plan is to end.

(b) Each department shall submit to the Office of State Personnel an “assessment of progress” on forms supplied by the Office of State Personnel. The report shall be submitted periodically on an as-needed basis; such need will be determined by the Office of State Personnel. “The assessment of progress” shall be used by the departments for self-monitoring and used by the Office of State Personnel as a basis for technical assistance to the departments. Each state department/agency applying for three-year Affirmative Action Plan approval shall, in the judgement of the State Personnel Director, meet each of the preliminary requirements for three-year EEO/AA plan approval stated in the Standards For Three-Year Plan Approval issued by the Equal Opportunity Services Division of the Office of State Personnel.

Statutory Authority G.S. 126-4(10); 126-16.
When the text of any adopted rule differs from the text of that rule as proposed, upon request from the adopting agency, the text of the adopted rule will be published in this section.

When the text of any adopted rule is identical to the text of that as proposed, adoption of the rule will be noted in the "List of Rules Affected" and the text of the adopted rule will not be republished.

SUBCHAPTER 2D - PUBLIC COMMUNICATIONS

SECTION .0600 - ACCESS TO INFORMATION/INMATE RECORDS

.061 INMATE RECORDS

(a) Matters of public record will be made available for examination upon request. Copies may be provided at the expense of the requestor. An inmate’s or former inmate’s name, age, race, sex, offense for which convicted, court where sentenced, length of sentence, date of sentencing, date of arrival at or transfer from a prison, program placements and progress, custody classification, disciplinary offenses and dispositions, escapes and recaptures, dates regarding release, and the presence or absence of detainers will be considered matters of public record. Except as provided in this Section, no other material may be released to anyone. (b) Medical records, except for psychiatric and psychological evaluations of an inmate or former inmate may be released to a physician, the legal representative of the inmate, or the personal...
representative of a deceased former inmate with the written consent of the person to whom such records pertain or the personal representative of such person if the inmate is deceased. Upon written consent, the content of an inmate’s mental health records may be released to the attending psychologist, psychiatrist, or governmental agencies directly involved in mental health, rehabilitation, or disability services or evaluations. Even with written consent, specific clinical information shall not be released to non-mental health professionals, including attorneys, family members, employers, and members of the news media. Copies will be provided at the expense of the requestor.

(c) Material contained in inmate files may be released to official federal and state law enforcement agencies when their representatives present proper credentials. Such agencies must agree to maintain the confidential nature of the material or information. Materials will be provided to the courts upon request.

SUBCHAPTER 2F - CUSTODY AND SECURITY
SECTION .0600 - CUSTODIAL CLASSIFICATIONS

.0605 COMMUNITY RESOURCE COUNCILS
(a) General. Community Resource Councils are developed to provide orderly assistance in stimulating community involvement and to promote volunteerism in prison facilities throughout the state. Council activities shall be governed by Department of Correction policies and procedures.

(b) Location. Each Division of Prisons facility will organize and maintain a community Resource Council. Councils will be established based on the nature and function of each facility. Upon written justification, a facility may request a temporary exemption from the Director of Prisons.

(c) Appointment:

(1) The superintendent of each prison facility and the respective area administrator, if appropriate, will recommend persons to serve as council members. Each superintendent and area administrator will confer with local community leaders during the selection process. The list of nominees will be submitted to the Department of Correction through the chain of command.

(2) The Governor shall appoint council members to two-year terms. Council appointments will be made annually, with appointments effective January 1 of each year. When unscheduled vacancies occur, new appointees will serve the unexpired term of the council member being replaced, and may be eligible for reappointment to a full term.

(3) During the initial organization of each council, members will be appointed to serve staggered terms. Each year members will be reappointed; however, no council shall make By-laws or other policies which call for the election of more than one half its members during any one year.

(4) The Governor may remove any member of the council for misfeasance, malfeasance, or nonfeasance in accordance with the provisions of G. S. 143B-16 of the Executive Organization Act of 1973.

(d) Statement of Purpose:
(1) Councils shall be governed in general principle by an established statement of purpose approved by the Secretary of Correction. Copies of this purpose statement will be maintained in the Office of the Secretary.

(2) Unit superintendents and council chairpersons shall clarify the specific mission and purpose
of each Community Resource Council. Other goals and short-term planning strategies should be developed to provide positive leadership and recognition of members for the achievement of correctional goals established by the local facility, the administration, and the Community Resource Council.

(c) By-Laws. Each council shall adopt standard by-laws. Issues not addressed by the standard by-laws are reserved to the discretion of individual councils but must comply with state law and with departmental policies and procedures.

(f) Community Resource Council Activities:

(1) Volunteers. The council should be involved in recruitment of volunteers to assist in providing volunteer services or fund-raising activities at the facility.

(2) Fund-Raising. Special, local council fund-raising guidelines must be designed to assure that gifts and donations are appropriately receipted. If a major (anything greater than one thousand dollars ($1,000)) fund-raising project is contemplated, such as for the construction of a chapel, a separate fund-raising body must be established and incorporated as a nonprofit organization. All proposed major fund-raising projects must be approved by the secretary prior to commencement of the project.

(3) Program Activity. Acceptable program activities for council volunteers may include assisting inmate families in understanding prison policies and procedures, providing workshops for staff on relevant issues, or generating in-kind contributions of equipment and supplies. Provided, any in-kind contribution in an amount greater than one thousand dollars ($1,000) shall be subject to the approval of the secretary.

(g) Training:

(1) A training program approved by the Office of Volunteer Services will be conducted by each unit superintendent or a designee for each council member.

(2) Training should be offered to councils on a continuing basis to assure efficiency of operations and the achievement of Department of Correction goals.

(h) Reporting. The chairperson of each council shall submit a copy of the minutes of each council meeting to the Volunteer Services Program Consultant and to the secretary on a regular basis. These reports should reflect council activities, achievements and any problems. A periodic summary report shall be compiled from all minutes submitted to the Office of the Volunteer Services Program Consultant and distributed to council chairpersons, area administrators, institution heads and unit superintendents.

(i) Evaluation. Each council shall complete an annual evaluation to determine its progress and effectiveness in meeting community needs, staff needs, inmate needs, and in the accomplishment of other specific objectives set forth by policy or those goals established by the councils members.

(j) Recognition Program. Recognition activities should be held annually to recognize community volunteers and other persons instrumental in the attainment of goals and objectives and other special achievements which merit recognition.
